JACK PINE'S STUMP

Why doesn't someone in Grayling start making picture frames? It would be a good business that could be done cheaply right in the home. Why doesn't someone start a commercial photographic studio, not only for taking pictures, but for developing and enlarging, too?

It's a bit late, I know, but thanks to Joe Cincialla for his public invitation to Jack Pine to sample his free coffee. Thanks, Joe, I enjoyed it... all seven cups.

TIME magazine in its September issue has a "must" reading article for all those interested in bringing new industry to Grayling. It's on page 88, and entitled "Wanted: New Industry." It may be a shock to some people to find that other cities want industry, too, and are willing to take a gamble to get it. Along the same line was a story in Sunday's paper about the Governor of a Southern State who visited Detroit to acquaint industrialists with the possibilities in his State. It takes more than paper work, ever so much more! How much of this "more" is Grayling willing to put out? Read the TIME article; it's good grist for the civic mill.

Lots of people can rise to the occasion, but few (so very few) know when to sit down. Like the fellow who announces he is a poet, and then goes on for an hour or so to prove it.

Jack Pine is glad to see George Griffith reappointed to the Conservation Commission. It might be well to bear in mind that this area does little or nothing to support the Democratic party and that the Governor has no obligations to pay off here. Griffith is a good point man means two things. First, George Griffith is a capable man for the job, and secondly, the Conservation Department is apparently above party lines, and that's good when you consider that the Conservation Department is all appointed officials. And to let my civic pride take over, I sure does look like a fine time a newspaper mentions "George Griffith of Grayling."

Duck Season Extended 15 Days

Michigan's forthcoming hunting seasons on small game and deer are expected to attract a record number of sportsmen to the state's woods-and-waters, reports the Conservation Department.

An estimated 755,000 residents of Michigan will hunt game during the season which gets underway in the upper and lower peninsulas this Saturday, October 1st.

The bulk of the hunters will not take to the field, however until the opening of the general pheasant season on October 20th.

October 1st also marks the opening of the bow and arrow season on deer and the Department estimates for this season are 31,000 residents and 3,200 non-resident archers.

A predicted 460,000 residents will hunt during this year's fire-arm season which opens November 15th with 31,000 non-residents also expected in the field.

In general, the number of hunters this year may be two to three percent above last year's figures, according to reports of the Department.

Michigan duck hunters get a 70 day season this year starting Saturday, 15 days longer than last year.

Shooting will start at one-half hour before sunrise opening day instead of at noon... but legal shooting will stop one-half hour before sunset, instead of at sunset.

This season one wood duck will be permitted in the daily bag limit of four, or possession limit of eight.

The goose limit of five a day, five in possession of which not more than two may be Canada or white-fronts, is the same as last year.

Because of anticipated better flights or ducks this year sportsmen and state game men as well, were hopeful that the U. S. Fish and Wildlife Service would allow five instead of four ducks a day and only a slightly longer season.

Their hopes were not in vain. They were all surprised to be allowed 15 more days for a 70-day season, and expected that this would greatly aid the goose hunters. But because of the earlier closing hour they did not believe the longer season would result in a very much greater kill of ducks.

This one-half hour earlier closing hour applies to the Mississippi flyway alone and according to the U. S. Fish and Wildlife Service bulletin was done to protect the wood duck which is especially vulnerable in the late afternoon.

The federal service said that it was extending the number of shooting days in three flyways because they "anticipated a fall flight of a bumper crop of wild ducks and geese from their Canadian breeding grounds. Flights in all flyways are expected to be the best since 1952."

As was the case last year, on October 20, in the Lower Peninsula, hunting will be allowed until 10 a. m., to coincide with the pheasant season opening.

The federal regulations specify the length of the shooting seasons by flyways and possession limits and shooting hours, but do not include the specific season dates for the various states.

Michigan accepted the maximum allowable by Conservation Commissioners as the allowable regulations were not released by the federal service until after the August 11-12 commission meeting.

Took Over As Of Sept. 17th Alfred Hanson Sells Motor Sales To Arthur J. Goodrich Of Davison

Alfred Hanson, veteran service station and motor sales owner and operator of Grayling has sold his property and business located at the corner of US-27 and Ionia Street to Arthur J. Goodrich of Davison.

Mr. Goodrich, who will operate the business under the name of Art Goodrich, took over management of the station and motor sales on Saturday, September 17. He is a native of Davison, having been born there and graduated from High School. He has been an employee of the Uptegraft Motor Sales since 1938, the Davison Chevrolet and Oldsmobile dealer. During the war years, Mr. Goodrich was in defense work but for the rest of the time of 18 years, he has been in the business.

He is married and has two step children, Bethany Koerber who is a junior at Grayling High School and Bill Koerber who is an eighth grade student at Grayling High.

Mr. Goodrich has purchased the Dr. Clippert home on Michigan Avenue and he and his family have established their home here some weeks ago.

He stated that the present staff at the station and motor sales would continue on the job and that the same high quality of service and attention to customers would be continued as in the past.

Mr. Hanson after over 30 years in the business said that he was satisfied to rest, travel and enjoy life. He was Standard Oil dealer for over 30 years, Chevrolet dealer for 23 years and Cadillac dealer for 16 years.

He came to Grayling on November 29, 1906 and went to work in the woods for \$22 per month and his board. Later he moved up to scaling logs and keeping out on the lumber camps.

He later worked for Herut Sorenson and Harry Simpson Grocery. Returning from Army service in World War I he kept books for R. Hanson Company and when the company moved to the Grayling Lumber Company, he kept books for T. P. Peterson. In 1925, he bought out the service station business of Hans Nelson and went on to develop the large auto sales and service business as well as the repair business. Until a short time ago, Mr. Hanson also was the dealer for Frigidaire appliances.

Grayling Vikings Travel To Harbor Springs Friday

This Week To Finish Up Gridiron

Except for a few last minute touches, this week should see the completion of the football field at the Grayling Memorial Recreation Area, Russell Carlson, chairman of the committee said.

Expected in this week are the large bulbs for the lighting fixtures and the fencing equipment.

Carlson stated that crews would begin immediate installation of the bulbs and fencing upon its arrival. Also expected to be erected yet this week will be the steel goal posts and 40 foot flag pole donated by the employees of the Pure Oil Company in Beaver Creek.

The flag pole and goal posts will be installed as they are now in sections and be set in place.

The total contributions for this year's work now has reached \$8,105.79 with four additional contributions this past week. They were: Alfred J. Sorenson \$50.00, Mr. and Mrs. Grant Thompson \$5.00 each, Mr. and Mrs. Harvey Rowland, \$10. The committee now has pledged \$1,337 for work in 1956 and \$1,107 for 1957.

Bleachers used in the old Grayling High gym will be moved to the field for use this year with the committee planning on adding more in another year. For the opening game with Charlevoix on October 1st, the High School plans to sell advance tickets.

There will be two gates in operation at the game, an advance ticket gate at which there will be no delay and a general admission gate at which admission must be paid.

The bleachers will be set to the south side of the field and cars will be permitted to enter the fenced-in area to park on the north side of the field.

The committee in winding up the local part of the drive for funds for the Grayling Memorial Recreation Area wishes to cite for public recognition the following people who aided the project.

People who donated: Mrs. John Alet, Rev. John Enslman, James Post, Rev. Wayne Root, Bruce Smith, Mrs. Norval Stephan, Mrs. Walter Mikkelsen, William Joseph, Leo Ellsbury, Leo Lovely, Herbert Wolf, Mr. and Mrs. Alex Atkinson, Robert Strong, Alfred Sorenson, Jerry Joe Smock, George Lowe, John Schofield, Bob LaMotte, Bud Santer, Robert Hanson, Mrs. Bud Gault, William Mosher, John Latusek, Dr. Gerald Gibbons, Arthur Clough, Miss Ione Lett, Ouis Hunter, Joseph Bielisk, Mrs. Milow Case, Mrs. Herbert Stebbins, Mrs. Earl Broadbent, Mrs. Joseph Stripe, Mrs. Tony Buron, Mrs. Elmer Fenton, Mrs. Lon Heath, Mrs. Don Gothro, Mrs. William MacLeod, Mrs. Norman James Tinker, Mrs. B. The committee also wishes to thank those who donated their time in working out at the area and any other person who might have helped the cause along in anyway.

Defeat East Jordan By 20 to 6 Score

The Grayling High Viking grid team travels to Harbor Springs this Friday to take on the Rams in a night game at the Ottawa Indian Stadium in that city. Game time is set for 8:00 p. m.

The Rams fell before the Charlevoix Red Raiders last week by a 14 to 0 score. To most football followers this could mean that Harbor is stronger than anticipated or that the Raiders are weaker than supposed.

Last Friday at East Jordan, the Vikings struck with sudden fury as back Lloyd Failing gathered in the kickoff and went right up the middle of the field for 68 yards to score. Angle blocks were set up nicely by the other squad members and assignments were carried out to perfection as not a hand was laid on the rambling Viking back. Bill Kenyon scored the extra point on a plunge to put the Vikings out in front 7 to 0. After kicking off to the Red Devils, Grayling managed to halt their offense and again took over possession of the ball. Driving about 60 yards in small gains, Failing drove over for the second score on a one yard plunge. Gary Worden proved to be the workhorse on this drive, doing most of the carrying. Worden scored the extra point on a plunge to give the Vikings a 14 to 0 lead as the first quarter ended.

In the second quarter, the East Jordan Red Devils mounted a drive of about 40 yards that carried them to their only score. The drive was made with short gains mostly over the middle of the Viking line. The score was made from about 6 inches out from the Grayling goal. A pass play for the extra point was batted down by the Viking defenders.

Later in the second quarter, Grayling again scored as Failing broke over the middle of the Red Devil line on a spinner-trap play and speeded another 68 yards to score. A pass for extra point went away leaving the final score at 20 to 6. Neither team scored in the second half although East Jordan threatened at one time. Coach Larry Baumann of the Vikings substituted freely in the later stages of the game, giving the younger squad members some game experience. No Doubt, Grayling could have scored more if they had been able to use Coach Baumann used 21 players in the game. Standing out on defense were Jim and Gary Parkinson and Steve Jorgenson. Offensive standouts were Failing, Worden and Mel Luter. Mentor Baumann stated that the whole team played the best ball that they ever had and the first eleven or twelve men deserved a lot of credit.

Failing who scored on three touchdowns for Grayling was kicked in the leg late in the fourth quarter and may not start at Harbor Springs Friday night. If he doesn't his spot will be filled by Jim LaGrow, backfield understudy.

Grayling ground out a total yardage of 187 1/2 yards with 148 1/2 being made on the ground and 39 through the air. The Vikings attempted five passes completing three. East Jordan totaled 204 yards with 199 being made in their ground attack and 5 by passing. They attempted 6 passes and only completed two.

Bill Kenyon did the punting for Grayling, kicking three times for an average of 32 yards per kick. Failing was the leading ground kicker for Grayling, carrying 9 times from scrimmage for a total of 94 yards plus 68 yards made on the kickoff return. Worden also carried 9 times from scrimmage for a total yardage of 34 1/2 yards. Luter carried the ball 4 times on end around plays and picked up 18 1/2 yards. Kenyon also carried 4 times and turned in 94 yards.

Kiwanis Club Notes

O. E. Williamson was in charge of the program at Monday night's meeting of the Kiwanis Club of Grayling held at the Lone Pine Inn. The setting up of the drive for funds for the Boy Scouts was the program.

Mr. Williamson who is the chairman of the committee was assisted by Ed Reist of West Branch, Council Scout executive.

Prospect cards were given to each member and the prospects will be called on sometime during the week with the drive to be completed by meeting time next Monday evening.

The funds are for the Paul Bunyan Council use and a goal of \$1500 has been set for Grayling. A similar drive is being conducted in Maple Forest and Frederic.

Second Vice President Joseph Stripe presided at the meeting in the absence of President Les Hunter and first Vice President Willard Cornell.

State Taxpayers Breathe Easier With Surplus, But Keep Right On Paying

Michigan's Hard-Pressed Tax-
payers took a breather of a sort
when Gov. Williams disclosed an
\$18 million surplus.

But they still kept paying.
The governor said that the in-
crease in collections and a num-
ber of economies in state govern-
ment had built up the surplus
from the dust of a 65 million def-
icit two years ago.

It was at this point of fiscal
desperation that the legislature
passed the \$30 million a year busi-
ness activities tax. A business
boom did the rest.

Republicans said this year's sur-
plus would be more like \$13 mil-
lion. Rep. Rollo G. Conlin (R-Tip-
ton), chairman of the House tax-
ation committee said:

"The governor seems to be op-
timistic."

Seers at the Capitol immedi-
ately predicted that agencies which
have been pleading for years for
more cash to run their services
would renew their requests and
the surplus would vanish.

"There will never be a tax re-
duction in state government," said
one bureau chief. "Services may
expand, and more people may be
hired, but no less money will be
required."

Gov. Williams took the oppor-
tunity to blast Republicans in the
legislature for piling down his
appeal for more building money
for state colleges and universities.
Republicans said the problem
couldn't be solved with mere
money, that a complete survey of
the needs of higher education
should be undertaken.

The study is now underway
under the direction of Senator
Don Vander Werp (R-Fremont),
chairman of the Senate educa-
tion committee.

"We'll have something for the
1956 legislature," he said.

Ancient Problem of what to do
with an overflow of mentally re-
tarded children is coming home
to roost.

The governor is getting ready
to call a special session of the
legislature late in October to cope
with the same issues that have
bothered lawmakers in regular
sessions for years.

The story has been told many
times.

There are more than 1,800
youngsters with mental problems
who cannot be admitted to Lapeer
Home and Training School be-
cause it already is overcrowded.
"Commitments have become a
farce because there's no place to
send these unfortunate," said a
mental health expert.

During the last session, com-
mittees of both the House and
Senate fought over bills which
would take over tuberculosis hos-
pitals at Gaylord and Howell for
the care of mentally retarded
children.

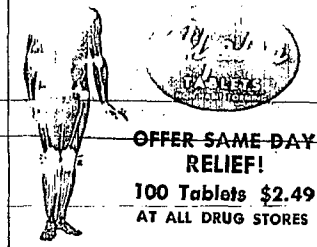

The battles were fought and
lost. Tuberculosis officials pleaded
that the space would be needed if
those who already had contracted
the disease could be found.

Grisly Problem of Traffic Death
will also be considered at the
special session. An 11% increase
in the number of fatalities for the
first seven months of 1955 over
last year was announced by State
Police. This apparently convinced
the governor that no more time
can be lost before taking action.

The legislators will again be
asked to pass laws which will
tighten driver licensing, reduce
highway speeds and provide funds
to maintain files of driver records.
Existing law provides for files
but money must be appropriated
if records are to be kept properly.
These and other laws have been
recommended in past years by the
State Safety Commission, but pro-
posals frequently became enmeshed
in politics.

Farm Groups Have Taken new
heart in their campaign to move
the state fair out of Detroit.
For years the drive has waxed
hot and cold with charges flying
that the Detroit fair is "a carni-
val" and that farmers have little

opportunity to display their

Latest impetus to the take-the-
fair-out-state campaign came with
Michigan State University's cen-
tennial farm equipment ex-
position which drew thousands to the
campus.

It was the first test of an out-
state function devoted exclusi-
vely to farmers and their equipment.
"The campaign to move the fair
out of Detroit is getting hotter by
the day," said George E. McIntyre,
state director of agriculture.

Opponents of the idea say that
the engineering and industrial ex-
hibits, the sideshows and midway
at Detroit is what makes the state
fair solvent.

After years of deficits, the fair
is now earning a small sum or "at
least it's paying for itself," said
McIntyre.

The final decision rests with
the legislature, however, and its
membership is still outstate-
oriented though Detroit and other
metropolitan areas are gaining in
influence.

Government Reform is contin-
uing in Michigan, though the ap-
proach is slightly changed this
year.

For five years, the Legislative
Committee on State Government
Reform has been operating as a
research group, studying ways to
improve the functions of state
government.

There have been a number of
notable ideas written into law
for the agencies.

"That function is now finished
and we must promote some of the
other ideas we have developed,"
said Senator Frank Andrews (R-
Hillman). He is chairman of the
committee working for acceptance
of new ideas. Among them: Abol-
ition of the state superintendent
of public instruction and the au-
ditor general as elective offices.

Like Indispensable?

As a general principle practically everyone agrees there is no such thing as an indispensable man. A practical matter, however, any "GOP" political agent, in a frank mood, would tell you that there is one man who comes mighty close to being indispensable and his name is Dwight D. Eisenhower.

All kinds of polls and surveys and studies have been made in preparation for the crucial 1956 general election. Most, if not all, have come to the same conclusion. One conclusion is that President Eisenhower, individual, is far more popular than the Republican Party, the institution. Another is that, as of now any rate, he could defeat any potential Democratic candidate in pretty much of a walk. A third is that no Republican in the public eye has anything resembling the President's popular standing. It is not an exaggeration to say that many of the most experienced political observers are convinced that without Eisenhower there will be a Democratic sweep next year—while, with Eisenhower, the Republicans will certainly keep the Presidency and very possibly regain control of Congress.

The opinion is general that, even though it may go against his personal desires, the President will run the Democratic leadership believes that. Its present strategy, therefore, is inevitably devoted to seeking issues that are not only anti-Republican, but which will undermine the President's personal popularity and weaken public confidence in his policies and his abilities.

That has proved a formidable task. There is no real issue over foreign policy—both the Republican and Democratic leadership agree on the fundamentals. The "Eisenhower Depression" issue of a year or so ago has disappeared without a trace—production, employment, wage levels and other standard business indicators are at or near record highs. Earnest effort is being given to dramatizing and selling the idea that this is a big business administration, bent on giving away priceless natural resources, such as oil and water power, to greedy interests. But no dispassionate observer can see where this has made any real headway or is likely to. And the attempt to turn Dixon-Yates into another Teapot Dome died aborning—the facts simply did not

substantiate the charges.

There also have been more subtle efforts to change public opinion. The Democratic Digest has drawn a fanciful parallel between the Grant and Eisenhower Administrations, even bringing in Grant's devotion to fast horses and Eisenhower's to golf. This caused Fortune to say editorially, "If that is the best the Democratic high command can muster, Mr. Eisenhower can afford to spend a lot of time at golf and fishing."

The Democrats are not to be criticized for their zeal-ousness. It is their duty as well as their right to search for effective issues. The Republicans have found themselves in a similar position in past times and have necessarily followed similar tactics. But, to date, it is clear that no effective counter to the Eisenhower prestige has been found. Columnist Frank Kent described the situation accurately when he told of a discouraged Democrat saying: "What we need is some kind of smear that will stick. But the damned fellow seems smear-proof."

At 6:30 o'clock a dinner was served, the long table being prettily with a black bowl of lavender asters and babybreath and guarded by orange tapers in black candle holders. Six ladies of the Roscommon unit responded to the invitation of the local unit, and Mrs. Henry Feldhauser, one of the Gold Star mothers of Grayling was an honored guest. Following the dinner the ladies went to the club rooms where they listened to a talk by Mrs. Fisher, which was immensely enjoyed. Mrs. Fisher told of her visits to the Otter Lake billet, where children of ex-service men are cared for and the American Legion and U. S. Veterans Hospital at Battle Creek, and in all she was very interesting.

Dr. and Mrs. Gordon Moffat arrived Wednesday to be the guest of Mr. and Mrs. Oscar Schumann for a couple of days. Mr. and Mrs. Harold Skingvoix, where they will be located for the year. Their daughter, Flora is visiting Jane Milnes and their son Robert is the guest of Roger Giegling.

There is room for more teams to enter the Softball tournament to be played next Sunday at the Chris King lots on the South Side. Four teams have entered and any others wishing to make entry call John LaMotte. The tournament is being pretty with a black bowl of lavender asters and babybreath and guarded by orange tapers in black candle holders. Six ladies of the Roscommon unit responded to the invitation of the local unit, and Mrs. Henry Feldhauser, one of the Gold Star mothers of Grayling was an honored guest. Following the dinner the ladies went to the club rooms where they listened to a talk by Mrs. Fisher, which was immensely enjoyed. Mrs. Fisher told of her visits to the Otter Lake billet, where children of ex-service men are cared for and the American Legion and U. S. Veterans Hospital at Battle Creek, and in all she was very interesting.

Emerson Brown shot a 36, one less than par on Grayling Golf course last Sunday. There is only one other person that we have heard of in the history of the course getting a similar score. To get that score takes some very clever shooting.

Miss Doris Call and Miss Lucy Miller, accompanied Miss Irene McKay to Saginaw Saturday, where they spent the week end visiting relatives.

The South Side "Stump Dodgers" showed Beaver Creek a style of softball that enabled them to take the last two games out of the three played at Johnnie LaMotte's field last Sunday. After losing the first game 9-2 the South Side gained confidence with the change of pitchers and pounded Ted Charlevoix and back by Mr. Wheeler for fourteen runs to

14-7. The third and deciding game of the afternoon was a "Comedy of Errors," with Beaver Creek making about 15 of them to help Elmer Neal taste his first defeat of the year to the tune of 18-8. Ben Pankow of the South Side team proved the hero of both of the first two games and showed some of the younger players that age was still reliable.

Hon. H. H. Woodruff of Roscommon and Supervisor Barnes of South Branch were in town Tuesday.

Goodrich Takes Over Olds Sales & Service — G. R. Jones, general sales manager of Oldsmobile Division, today announced the appointment of Art Goodrich as an authorized Oldsmobile dealership in Grayling. The new organization is open for business this week at 300 Cedar Street. "It is a real pleasure to welcome this organization of qualified people into the nationwide network of Oldsmobile dealers," said Jones. "Members of the Oldsmobile owner family will benefit greatly from the operation of this dealership. The complete line of new 1955 Oldsmobiles and second-hand used cars will offer a wide selection of automobile values for every budget. Modern service equipment will be maintained by Oldsmobile-trained experts. We feel that the new Oldsmobile organization will make a real contribution to the community."

The new dealer, Art Goodrich, declared today that it is "a great feeling to join the Oldsmobile dealer group and help contribute to this place, the community's great reputation." He said Oldsmobile moved up among the first four in national retail sales last year. He credited the achievement to increasingly greater public acceptance of such engineering developments as the high-compression "Rocket" engine, Hydra-Matic Super Drive, G. M. Power steering, "Pedal-Ease" power brakes and the Automatic-Eye automatic headlight control.

Frederic Scouts Spend Three Days In Canada — When the Frederic boy scouts reorganized in October 1954, they planned to work on some money making project, such as a gathering for the Ausable Souvenir Works and the money was to be spent for the year's big event. Well August rolled around and they figured that with a little help on their part they had earned enough money to make a four day fishing trip to Canada paying all expenses.

So on Friday, September 8th about 6:00 p. m. 14 boys and six adults in five cars left Frederic for Rocky Island Lake which is about 125 miles north east of the Canadian Soo, with everyone looking forward to a very good fishing trip and a new and educational adventure.

Among those making the trip were, as follows: Scouts, Gary Phipps, Charles Lodge, Thomas Kimball, Wayne Barber, Freddie Turner, Freddie Allen, Neil Rouse, Benny Redman, Billy Johnson, Steven Olson, Mauri Alma, Lynn Chivron, Benny Pratt and Ronnie Mertes. They were accompanied by Leo Post, Gene Kaiser, Jess Pratt, John Weld, Wm. Leng and Mr. Brown.

The first night was spent about 10 miles south of Sault Ste. Marie. We set up tents about 10:30 p. m. and everyone was sound asleep when the usual happened, a rain storm, but it cleared up long enough in the morning to break camp. We left there about 7:00 a. m. ate breakfast at Sault Ste. Marie. Then we were Canada bound. We arrived in Thessalon, Ontario at noon then headed north into the rocky and wild country; all became more enthused as we got farther into the wilds of Ontario. We traveled up the Chapleau Road about thirty miles to where we passed through the Outpost Gate, where they keep records of all people entering the Mississagi Provincial Forest. From this point buildings were few and

now and then a camper. The rocks were getting bigger and the roads more rocky. About 4:00 p. m. we immediately set up camp and made supper. After supper several of the group went fishing, but the only lucky catch was made by Gene Kaiser a 4 1/2 lb. Northern Pike which made a delicious evening snack.

The Indian Head Patrol drew the first morning's fishing. They were accompanied by Jess Pratt and Gene Kaiser and came in at noon with nine nice pike.

The Whippoorwill Patrol went out in the afternoon with less luck, but had several good strikes. Those that didn't fish steady spent the day exploring the area. The mountains, power dam that makes the lake and old logging camps in the vicinity.

All meals were prepared by each scout, and the following boys earned the cooking merit badge by preparing a complete meal for four people, and baking biscuits over an open fire. They were: Billy Johnson, Benny Pratt and Gary Phipps. All served reported a very good meal, and delicious biscuits.

Tuesday morning we broke camp about 8:00 a. m. and headed south over the rocky roads, Frederic bound, and by 9:30 p. m. we arrived in Frederic. Everyone glad to get home, but all enjoyed the trip very much, and wish to thank everyone that helped make the trip possible.

There will be a meeting on Tuesday night, October 4, 1955 of all Boy Scout committee members and scout fathers at 8:00 p. m. to reorganize the committee for a new chapter. Anyone interested in scouting in this vicinity is urged to attend.

Mr. and Mrs. Lester Hartman of Davison and Mr. and Mrs. Vern Hartman of Lovells enjoyed a five days trip up in Canada making a delightful trip together.

1. We'd like to show you some of the things that make the Ford one of America's finest cars... though it's one of the lowest priced. Let's start with these long, low lines. Looks like it has to stand still, doesn't it?

Let's take
a walk around
the NEW '56 FORD!

It's the fine car at half the fine car price!

4. The new 202-h.p. Thunderbird Y-8 will give you a new lease on driving enjoyment. It's available in Fordomatic Fairlane and Station Wagon models. You can have the "GO"-packed 176-h.p. Y-8 in Fordomatic Mainline and Customline models, or Ford's new 197-h.p. Six is available in any model.

5. Note the deep-center design of this new Lifeguard steering wheel. The wheel rim is over three inches above the post to help cushion the driver in case of an accident. It's a feature of new Lifeguard. Design which Ford spent over two years developing... to give you added protection in case of an accident.

6. This Lifeguard cushioning for instrument panel and sun visors is optional. It gives you extra protection when thrown forward in an accident. You may also have optional seat belts to help keep occupants securely in seats.

2. Here, on your left, is the inspiration for the styling of the '56 Ford—the famous Ford Thunderbird. Look at those broad, flat hoods, for example. Here is styling that will stay in style.

3. Here's what you ride on. This frame has five cross-members including a special K-bar member up front. It can really take it! By the way, the control arms of Ford's Ball-Joint Front Suspension are angle-mounted to cushion out the head-on as well as the up-down shock of bumps.

7. Here's Ford's new Lifeguard door latch. It is another member of Ford's new Lifeguard family. A double-grip locking engagement reduces the chance of doors springing open under unusual strain of impact. Chances of serious injury in accidents are less when passengers remain in the car.

Well, that covers the important points. But there's a lot more. So we'd like to invite you to come in and see the new '56 Ford for yourself. Then you'll see the colorful new exteriors and interiors, the quality workmanship that is evident everywhere. Then you'll learn the full story. When you do, you'll know that Ford is the fine car at half the fine car price.

Bond Sales

Double Last Year In County

Residents of Crawford County purchased \$6,002 in Series E and H United States Savings Bonds during August of this year, it was announced today by John H. Peterson, chairman, Crawford County Savings Bonds Committee.

This compares with purchases of \$10,352 for August, 1954. County total for the first eight months of 1955 was \$71,440, which constitutes a comfortable margin over the \$38,968 bought during the January-August period a year ago.

Total sales of Series E and H Bonds in the State of Michigan for August were \$28,346,400, an increase of 8.7 per cent over August, 1954, according to Noble D. Travis, state chairman, U. S. Savings Bonds Division.

Michigan sales of the two popular series were \$222,806,000 during the first eight months of 1955, up 18.5 per cent from the \$196,225,000 sold in the same period of 1954. This represents the highest

January-August total for 10 years. Travis said Michigan had achieved 69.24 per cent of its annual quota as of August 31. The state's quota of \$321,800,000 represents approximately six per cent of the \$5.5 billion national goal for this year.

The County Chairman urged residents of this area to continue their loyal support of the Savings Bond Program, pointing out that buying Series E and H bonds regularly is the most important step Americans can take to back up Secretary George Humphrey's sound money program.

Michelson Memorial Church News
Sunday was Rally and Promotion Day at Michelson Memorial and more than 200 members, teachers and officers congregated in the sanctuary for the program that included the promotion of 27 Cradle Roll members to the Nursery, 16 Nursery members to Kindergarten, 17 from Kindergarten to Primary, 16 from Primary to Junior, 14 from Junior to Intermediate and 14 from Intermediate to Senior High.

Awards for a whole year of perfect attendance were given to Jimmy Rowland, Johnny Engel, Micky Stilwagon, Leslie Halstead, Kenny Halstead and Janet Rowland. In addition to the yearly awards, 25 attendance awards were distributed in the Nursery, Kindergarten, Primary, and Junior departments, and an even larger number in the Junior, Intermediate and Senior Departments for attendance during the summer quarter. According to the local custom, the 16 new Juniors were presented with Bibles which will be needed for the more advanced work in the new department. Next Sunday all classes will meet with their new teachers to begin the expanded program planned for the new church school year. Most of the staff positions are filled, and all last-minute details were expected to be ironed out at a staff meeting scheduled for Tuesday evening.

The most pressing problem—that of adequate classroom space for the ever increasing number of classes—is something that can't be ironed out at a staff meeting, but is the problem of the entire church. This and other important aspects of the educational program were emphasized to the congregation as Rev. Puffer carried the Rally Day theme on into the morning service.

The first Family Night of the year will be sponsored on Wednesday, October 5 by the W. S. C. S. All families of the church are invited to attend the pot-luck supper at 6:30. The October program will be presented by the Children's Division of the church school, under the direction of Mrs. Matt Edson, the society's Secretary of Children's Work. The first study of the year for the society, "Within Two Worlds," is a study of the American Indian and his part in today's society, which will be introduced by the children's program, "Indian Americans."
